THE EDITER

SALUTATIONS!

and welcome to the first issue of LADIES SKATEWORLD ZINE. It was pretty hard trying to get everything put together but I finally got it finished. I wished to put more into the zine like pictures and stuff but I was on sort of a dead-line. It's the pay for the printing now before I spend the money dead-line. So anyway here it is. I'd like to say thanks to all the people who encouraged me to make this zine up. Inside for my first issue isn't much but hope to have lots, and better things. Every issue will have an interview with a new female skater, not saying that the skater will be new to the skateworld but if I put in all the girl skaters in the issue at once, I wouldn't have anything for the next issue. Comments, pictures, interviews with people I can't get a hold of, ideas for the zine, letters, local scene write ups and art work is all appreciated. I hope to get positive and/or negative responses from this first zine, just to help me find out what would be good to put in the zine. I hope to have it out every month, but money prevailing will tell. This issue is full of typos so don't mind it, Reason being is I only have the wee hours of the morning to work on this because I drive back and forth from Del Mar to Long Beach almost everyday and when I usually get home is one o'clock in the morning so by the time I finish working on the zine it's 3:00 AM!!! I'm half asleep, hope you understand. If and when I get any response, I'm going to try to put all of it in the zine for other people to read, so send things in, neg. or pos. Other than this, thanks for reading the zine, hope you like it, let me know if you need extra copies or what have you. All inquiries should be sent to the address provided below. Thanks again *P.S. GUYS ARE NOT EXCLUDED*

A HOUSTON ROLLER RINK TAKES IN SKATEBOARDERS

I found this place by word of mouth after the N.S.A. contest which by the way Mike M. won the contest. Anyway, this place was sheer heaven. Think about this, a roller rink made just for skateboarders. You just couldn't get enough of this place. It had a $\frac{1}{2}$ ramp in the middle of the circle and a $\frac{1}{2}$ pipe ramp at the end, where you could skate til your heart disires. And get this, you didnt even have to wear pads! I talked to the guy that ran the place, talk about a cool guy, he said they opened it so skaters would make no-no's on the streets, Brad, from Vision made the deal, the were also filming for a video, and 2 local P.R. bands played while skaters skated. The whole place was rip'n, I hope to see something like that here in So Cal.?

Rhonda Watson, and Ericka Watson are two of the new local female skaters at Del Mar. Ladies skateworld zine asked them why they wanted to skate and here are they're answers.

RHONDA WATSON - " So I can get hurt "

ERICKA WATSON - " To have fun "

I also asked another female that is thinking about skating, CYNDY HINES and she says, the reason why she wants to skate is because she loves the thrill and it's fun. WE JUST WANNA SKATE!! LKW

LOCAL NEWS

TUFF TURF

RUMORS AND NOT SO RUMORED

All is quiet on the western front, except when it comes to Del Mar Skateranch...The C.A.S.L. keyhole contest has come upon Del Mar and gone, sort of glad about that. Good and bad results came out of this contest. A lot of skaters got hurt, which is not so good, John Lucero, Stephanie person broke her leg, both of the shultes boys got hurt, Tod Swank of SWANK ZINE, bruised his hand real bad, and a few other skaters were taken away in the ambulance. Reese, a local at the park took sundays st. style first place, and one of the local female skaters Lori Rigsbee, took second place, keyhole for the 13-14 div. Glenn, another local at Del Mar was hurt real bad earlier in the month, Glenn was seen at the park during the contest in which was asked how he felt after head surgery, he says he is recovering well and he feels pretty good. Tracy, a rollerskater (also Kitty's daughter) was seen at the park during the contest, watch out for this skater she's really good, Ladies skate zine hopes to see her getting up there in the skateworld. Is Jennifer really going to AZ. to live? lets see what happens. Stephanie has heard to be back east for a sort of vacation, is this a true or untrue vacation? It has been said that Del Mar will be, and quote "DOZED" in November. Is this a true fact, and will skaters try to keep it open, and how will the skaters survive without a local skatepark? Bet that old bitch, is sitting pretty in ~~the~~ wealth, laughing at all the skaters. But I bet there's a lot of voodoo going on around, and little dolls that look like her, stuck with pins, she'll BURN in hell for this one, the old fart! It has also been said that the Del Mar parking lot is the new Del Mar drug ranch. Not a good thing, bad name for the park and skaters who really want to skate to skate and not be know for his drugs. Bad things come out of situations like this. "FLASH" some one has connection with a wealthy person, lots of money and a will for skaters!!! This secret person wants to build a brand new skate park, so homeless skaters will have a place to go. Stay tuned for more information. Congratulations to Clare and Dave, it's almost a year for them. John Lucero has been seen turning the tables on Tony H. Is that true or not? and for a final closing "SKATE or GET OFF THE RAMP" also LOHAK's to T.S. from GSITB. LOOK FOR ISSUE # 2 by: E.I.L.
